WILL ROGERS.

WILL ROGERS.

WILL ROGERS.

The residuals appeared inclined to day to turn their wrath on the American Legion.

The Communist Deputies, Cachin, Marty and Loriot, from their cells in the Sante prison, where they are serving sentences for Communistic agistion, have written to the President of the Chamber of Deputies advising him of their intention to interpellate the government of the "impossibility of designating September 19 as a public holiday on the occasion of the American Legion congress."

WORST SINCE 1924

SITUATION CRITICAL

Position of Porter

SITUATION CRITICAL

The situation, he said, is so serious that additional fires will create a situation which will be practically impossible to cope with. He made a plea for the public to lessen the fire hazard by safe conduct along fire lines. Roads are open, however, and motorists are not being drafted on the Ridge Route.

Beveral men have been injured while battling the fire, word from Newhall said, but none seriously. The Red Cross has-sent as man with first-aid equipment and supplies to Sandberg where one of the several camps for fire fighters has been established.

A plea from the Midnight Mission (Continued on Fage 2, Column 6)

LINER ROCKS IN SEA SPASM

Mysterious Force Shakes France Violently and Hurls Passengers Out of Berths

Prench liner France during the night, while a few miles offshore and for a short time shook the great liner as a cat shakes a mouse, hurling passengers from their chairs and throwing them about the ship's salons.

Capt. Mairrice Aubert, master of sesismograph station could not element the France, reported the strange phenomenon when he brought his ship into port today.

At 11 o'clock while between Fire Island and Ambrose Lightship Capt.
Aubert related the France was quietly steaming through a light fog which clung to a smooth, glassy sea. He had just ordered a slight shift of course—from 10 to 15 deg.—when the ship began to rock violently.

"My first thought," he said, "was that I had run aground, but I instantly recalled that soundings had been taken a minute before and that we were in deep water. The water around us began to churn, and the ship rocked from side to side tweive times.

"Then, as suddenly as it started the sea quieted down and we were again steaming on an even keel in a calm sea."

Capt. Aubert stated that during his forty years at sea he has never encountered anything like the disturbance and is at a loss to explain it.

its peak.

For every two Canadian drivers who get fined there is one American. The visitors have only fines to worry about, but the local speeder stands a good chance of getting his license revoked. Nearly 100 have been cancelled this month.

In the first week of August Americans paid 118 fines, during the second 113 and the third 198.

Although the tourist season is at its height, the fines inflicted semout of all proportion to the number of automobiles operated by the two categories, local and American.

The road census for the first week in August, for example, shows that on the busiest highway from Montceal to Toronto, only 14 per cent of the automobiles had United States license plates, yet hearly 40 per cent of the fines in Quebec were levied on Americans.

His daring nature was displayed to

Want-Good Drinking Wat

minerals and is "good to taste." These two requirements, in addition to "pur-ity," are your assurance of the maximum amount of benefit from the water you drink. Many waters are "pure." But this is

not enough. Doctors recommend Arrow-head Spring Water because additional qualities are needed. This famous water is not only pure, but contains natural mineral salts (7 grains to the gallon) and has a most delicious flavor. Thus it conforms with accepted medical standards of healthful water. Early in the morning Arrowhead

Early in the morning Arrowhead Spring Water is drawn from a natural spring at the base of the San Bernardino Mountains. Fresh and sparkling it is rushed in glass-lined tank cars to Arrowhead bottling divisions throughout Southern California. From here it is delivered to your home in S-gallon bottles. It costs but 50 cents per bottle—we furnish stand and cooler free.

One family in three in Los Angeles drink this delicious water because it brings them added health. To enjoy a refreshing drink of Arrowhead almost as it bubbles from the Spring telephone WE 5231 for a trial bottle!

ing unglued under the load of standing off the challenge of the Bucanneers, Glants and Cardinais. The next week ought to teil the tale. If McCarthy can pull the boys together in the next seven or eight days and hang on to the slender remnant of a lead that they have, they have some chance of winning. If they ever all to the point where they are out of first place there isn't very much likelihood that they'll be able to get reorganized in time to do much good.

Fidel La Burba's two-year reign as king of the flyweights seems to have ended about as he would like to have it end—with a clean sinte. The one subtition of his life was to make up for his defeats at the hands of Vacca in Boston and, having done that, he can retire to the comparatively peaceful life of a rah-rah at Falo Aito. There have been a number of young men who have quite college to try the prize

world's champion who ever quit to pursue higher education. La Barha is a mighty fine kid and a genuine credit to boxing.

Midge Gladman certainly made an impression on the world yeaterday when she was eliminated in the national tennis championships in the East by Joan Fry of the English Wightman Cupteam after a strenuous struggle. Miss Gladman has had more grass court experience than any of the local girls and she has been improving right along in her teanis. On top of having a good physique and good strokes, she has a good disposition for tennis and fights all the time. She will make somehody hustle to beat her in the national junior toursament.

ofter endless variety of recreation and culture

The Famous "Pike"-Ocean Park Amusement Centre Ballroom and the Variety Entertainments The Civic Centre at the Pacific Polisades

THIN the natural trade area of the Bay District are a dozen delightful residential communities, all contributing to the civic and social upbuild-ing of Greater Santa Monica.

THE PACIFIC PALISADES across the canyon, lying between the ocean bluffs and the mountain, is a charming hillside suburb sponsored by a Christian organization whose annual Chautauqua attracts nationally famous teachers, preachers, lectur-ers and visitors from every state in the Union.

OCEAN PARK, within the city limits of Santa Monica, is one of the popular Southern California beaches. Its piers and "pike" are year-'round attractions not only for local residents but for countless thousands within a fifty mile radius. Its Civic Auditorium is the scene of national gatherings, while from its famous open-air band stand daily orchestral concerts have been a feature of Bay District attractions for many years

Further South again lies VENICE,

a residential and amusement center originally laid out on the lines of the Italian canal city from whence it takes

Along the Northern shore at the ocean terminal of Beverly Boulevard lies CASTELLAMARE, a picturesque Mediterranean-Spanish village in the making. The RIVIERA, a magnificent foothill community, overlooks the entire Bay. HOLMBY HILLS and BEL AJR have fine country estates. BRENTWOOD, just outside the city limits, has a very popular Golf Club. WESTWOOD, a newer suburb, is the location of the extensive buildings and campus of the new University of California in Los Angeles. In SAWTELLE, is a government War Veterans' Home & Hospital and a growing industrial district.

of Santa Monica are CULVER CITY, famous the world over with Hollywood as a motion picture city - PALMS, a very quaint little tree bordered town - INGLEWOOD, TORRANCE and LOMITA, oil producing districts, and at the Southern extremity of the Bay. PALOS VERDES ESTATES, said by experts to be the most complete residential community on the Pacific Coast.

Santa Monica is well served by its tributary communities. Culture, sport and recreation here take prominent place. Just as surely as sunshine and sea breezes bring health and happiness so does the steady growth of Santa Monica lead on to future prosperity

Greater Santa Monica Club

authorities is indicated by an article appearing in the Federal Reserve Bulletin, which says in part: "The fundamental principle of the Investment Trust is the distribution of risk by the investment of funds in the securities and bonds of a great number of enterprises, investments in any one security usually being limited to a fraction of the capital. Such distribution of risk seems to be one of the most practical forms yet devised of affording the investor a secure channel for profit-able investment."

PACIFIC INVESTING COR-PORATION adheres closely to the sound principles of investment trust organization and operation which have won this approval. The broad diversification of its holdings is assured by the charter of the Corporation, which provides that not over 5% of its funds may be invested in the securities of any one company.

Commonwealth of Australia

External Loan of 1927, 30-year 5% Gold Bonds, due September 1, 1927

Not redeemable prior to September 1, 1947

These bonds constitute the direct obligation of the COMMONWEALTH OF AUSTRALIA, an integral part of the British Empire, comparable in importance with the Dominion of Canada. Loans of the Commonwealth issued in London enjoy the highest credit and constitute a legal investment for trustees in Great Britain. We believe conservative investors will find this offering highly attractive at present prices.

A NAME THAT EXPLAINS ITSELF

Diversified Interests, Unified Control

Cities Service is an organization whose name suggests its original function. It serves entire cities with electricity and gas for illumination, cooking and industrial uses. It distributes Cities Service petroleum products in 2600 communities. Millions of dollars worth of electric and gas appliances are supplied each year through the merchandisare supplied each year through the merchandis-ing departments of Cities Service companies.

The Cities Service symbol is known every-where as a mark of high quality and dependability. In brief, Cities Service serves not merely cities, large and small, but spreads to little towns and country-sides. At every filling station carrying the trade-mark of the Cities Service Oil Marketing Division, you will find oil and gasolene of tested quality. You will meet with the sort of courtesy made possible by intimate and friendly contact.

Back of Cities Service products stands a \$650,000,000 organization which includes more than 100 public utility and petroleum subsidiaries operating in 32 states and many foreign countries. It produces over 12,000,000 barrels of oil yearly, has its own pipe-lines, tank cars and fleet of tank ships to transport it, its own refineries to refine it, and its own distributing stations to market the finished product. In its public utility division itselfs yearly over 73,000,000,000 cubic feet of natural and manufactured gas, 1,300,000,000 kilowatts of electricity and more than \$10,000,000 worth of utility appliances.

New Issue

\$900,000

Lexington Water Company

Refunding Mortgage 5.50 Per Cent Gold Bonds, Series A

Dated August 1st, 1927 Due August 1st, 1940

The following is summarized from a letter from the President of the Company to P. W. Chapman & Co., Inc.:

Business: The Lexington Water Company, controlled by the Community Water Service Company, supplies water for domestic, municipal and industrial purposes to the City of Lexington, Kentucky, and adjacent ter-

Lexington, one of the foremost cities of the State of Kentucky, is the county seat of Fayette County and is located in the heart of the "Blue Grass" section. The City is in the center of one of the country's principal tobacco prowing sections and is noted as one of the largest leaf tobacco markets in the world. The total population served by the Lexington Water Company is estimated to be in excess of 56,000.

Earnings: The earnings of the Lexington Water Company for the year ending May 31st, 1927, as reported by certified public accountants, were as follows:

Gross Earnings
Operating Expenses, Maintenance and Taxes (other than Federal
Income Taxes)
Interest Requirements on First Mortgage Five Per Cent Gold Bonds 41,810.00 Balance Annual Interest Requirements Refunding Mortgage 5.50 Per Cent Gold Bonds (this issue)

Security: These bonds will be secured, in opinion of counsel, by direct mortgage upon the entire fixed property of the Company, consisting of land, water mains, reservoirs, pumping stations and other property and equipment, subject only to the lien of \$836,200 First (Closed) Mortgage Five Per Cent Gold Bonds, due October 1st, 1936, and will also be a lien upon such fixed property as may be constructed or acquired subsequent to May 31st, 1927. The refunding mortgage will provide for the refunding of the First (Closed) Mortgage Five Per Cent Gold Bonds when due and at that time these Refunding Mortgage Bonds will be secured by a first mortgage upon the entire property. The value of the Company's property, based upon the appraisal of Messra, Alvord, Burdick & Howson, Engineers, Chicago, Illinois, as of January 1, 1926, together with the cash cost of additions and improvements made subsequent thereto and prior to May 31st, 1927, was \$3,580,417. Based on this value the total mortgage indebtedness, including this issue, constitutes less than a 49 per cent mortgage.

Management: The Lexington Water Company is controlled by the Community Water Service Company, which through its subsidiary and affiliated companies, supplies water to various cities and towns in the United States with a population estimated to be in excess of 680,000 people. This group control affords the subsidiaries the best in executive and technical supervision and also permits of great economy in purchases and operating costs.

These bonds are offered when, as and if issued and received by us and subject to the approval of counsel, Mesars. Chapman & Cutler.

The Chicago, Rock Island and Pacific Railway Compar

Secured 41% Gold Bonds, Series A, Due September 1, 1952 Series A Bonds limited to \$40,000,000.

Interest payable March 1 and September 1. Principal and interest payable in New York City is United States gold coin. Coupon Bonds in denominations of \$1,000 and \$500, with privilege of registrates a provided in the Trust Indenture. The Company reserves the right to call these Bonds as a whole redemption, upon sixty days' previous notice, on September 1, 1932, or any interest date thereafter, at 1814 up to and including September 1, 1947, and thereafter at par plus 14% for each six months between the date of redemption and the date of maturity.

J. E. Gorman, Esq., President of The Chicago, Rock Island and Pacific Railway Company, in a letter dated August M. 1931, or

due September 1. 1952, will be the direct obligation of The Chicago, Rock Island and Pacific Railway Company and will be specifically secured by pledge, under a Trust Indenture to The Nationa' City Bank of New York, Trustee, of \$45,000,000. The Chicago, Rock Island and Pacific Railway Company First and Refunding Mortgage Pacific Railway Company First and Refunding Mortgage 4% Gold Bonds due April 1. 1934. The Trust Indenture will contain provisions in effect as follows: (a) that neither the First and Refunding Bonds nor any Bonds prior in lien thereto will be extended; (b) that upon maturity of the First and Refunding Bonds, the Railway Company (or the successor Company, in the event of consolidation) will create a new mortgage, in place of the First and Refunding Mortgage, upon all the properties then subject thereto and will secure the Series A Bonds, and any other Bonds issued under the Trust indenture, by the new mortgage equally and ratably with any Bonds by the new mortgage equally and ratably with any Bonds

and any other Bonds issued under the Trust indenture, by the new mortgage equally and ratably with any Bonds which may be issued thereunder, and (c) that the total amount of Bonds to be at any time secured by the new mortgage (together with all outstanding prior debts, after deducting Bonds reserved to retire prior debts) shall not exceed three times the then outstanding capital stock of the Railway Company or its successor.

Series A Bonds will be limited to \$40,000,000 principal amount and no additional Bonds may be issued secured by the collateral pledgad for Series A Bonds. As provided in the Trust Indenture, additional series of Bonds may be issued for a principal amount not to exceed in the aggregate \$40,000,000, with such provisions as, to interest, maturity and redemption and against the deposit of such collateral, as may be determined by the Directors of the Railway Company.

Collateral, as may be determined by the Directors of the Railway Company.

The Mortgage securing the First and Refunding Bonds is, directly or *brough pledge of first mortgage bonds, a first lien on about 1,276 miles of road, including the line from St. Louis to Kansas City and important mileage in Texas, Oklahoma and New Mexico, and a second lien on about 4,541 miles of road; the Mortgage is also a first lien on the entire cantilal stock of and on the 250 years leaved. on the entire capital stock of, and on the 999-year lease-hold interest in the properties of Choctaw, Oklahoma and Guif Railroad Company with about 943 miles of road. The Bonds are thus secured of read. The First and Refunding Mortes fleen on terminal properties in St. Paul. Kansas City, and on shops at Silvis, new control of the total amount of First and

(limited to \$163,000,000), \$104,472,000 Bonds are ing in the hands of the public. Including limiting in the hands of the public. Including limiting in the hands of the public. Including limiting in the hands of the public (the same can not be increased), will be outstanding at control about \$34,200 per mile of road.

The Rock Island, System, with lines in the operates a total of \$,031 miles of road.

The Rock Island, System, with lines in the operates a total of \$,031 miles of road.

The Rock Island, System, with lines in the operates at total of \$,031 miles of road.

The Rock Island, System, with lines in the operates are considered in case of the public of the same approximately \$80,000,000. The tentative valuation in the addition of expenditures made on the worth that date, exceeds by about 50% the total but to be outstanding on completion of this familiary Company has catstanding to the same approximately \$100,000,000.

The Railway Company has catstanding to Preferred Stock and \$25,127,300 6% Preferred Stock and

to the United States Government, due is 5% Notes, due in 1929, and \$6,000,000 46% 1928), to reimburse the treasury for one and to provide for additions and better

Back of St. 1996 o THOUGH YOU may make a fift and comfortable profit during the broad upward swing of the market, it's the NOW that counts. The NOW—meaning exactly what listed securities to buy or sell and exactly when. Fortanes are made to the tune of sow, NOW, NOW! What is more, the best brains of Wall Street can work for you, will work for you to give you this very "sew" persistently, consistently by wire or telephone.

Richard D. Wyckoff Analytical Staff, Inc.

If you are an investor, or active in the market, or may desire to enter it with safety of principal and maximum more and special state of the corps of specialists, read by this corps of specialists, read by this corps of specialists, read by this corps of specialists, read by the corps of specialists, read to cook the form of the principal state of specialists, read on the cook of the principal state of the cook of the coo

FAIRY TALE COMES TRUE

Child Wishing for \$500 Left-Just That Amount by Woman With Whom She Talked

Mrs. Certrude Haweis had an old-fashioned flower garden behind her house in Beverly Hills, where she spent most of her afternoons. Her constant companion was 12-year-old Marguerite Flood, who lived next door. They told each other their dreams and fancies and one day they imagined what they would do if they had all the money they needed.

"I'd give everyone I know a lot of presents, the first thing I'd do."

Marguerite declared. And she told what she would buy for this one and that one.

that one.
"How muck would it take to do "How much would it take to do all that?" Mrs. Hawels asked her.

Bo with great chewing of a lead pencil and extended computations Marguerite arrived at a budget.

"My, it would take a whole 8500," she said finally. "That's such a lot

able to do it."

Mrs. Haweis agreed that it certainly is a lot of money, and that probably it is more than a little girl could expect to amass.

But Marguerite will get all that money. This developed yesterday when Attorney Lucien Gray filed a petition in the Superior Court. It was an application for the appointment of Mrs. James Plood, 315 Poot-hill Boulsvard. Reverly Hills, as guar-hill Boulsvard. Reverly Hills, as guar-

ment of Mrs. James Flood, 315 Poot-hill Boulevard, Beverly Hills, as guar-dian of her daughter, Marguerite. It recited that last Christmas Mrs. Haweis died and that in her will she had left Marguerite an inheritance of \$000, and that appointment of a guardian is necessary to obtain the request.

"Blood is thicker 'n water, an' Ben is my own cousin, but no man gets invited to set at my table if he chews his mustache."

tribal councils, because they had largely to do with war and hunting expeditions; but the Indian woman always had a lot to say about the family affairs. Radio Stations

CHILDBIRTH PAINS Another pipe dream about In-dian women is the supposed case

We hear a lot of rot about In-

we hear a lot of rot about In-dian women dropping out of the procession; having their children and overtaking the tribe.

The United States government has published a medical work, after exhaustive investigation, upon In-dians. In this book it is stated that children we have a few dians. In this book it is stated that childbirth was just as dangerous and just as terrible among Indian women as whites; and death therefrom was a common occurrence. Kit Carson's Indian wife died in childbirth.

The reason an Indian woman went alone to have her baby was religion. It was considered to be the most exceed act of a woman's life, and, like prayer, to be performed alone—she and her Film Promoter

performed alone — she and her Maker.

MRS. GRAY PRAISED The Municipal Art Commission has adopted resolutions expressing appre-ciation of the service of Mrs. Charles F. Gray as a member of the com-mission from 1922 to this year. The term of Mrs. Gray as a member of the commission has expired.

Registrar for Corporate Stocks

Her husband left her a \$100,000 estate

HER husband unwisely left her a \$100,000 estate to do with as she pleased. She had no business experience - knew nothing of investments - and was victimized by 'sharks' out of nearly \$50,000. A newspaper advertisement about trust company service and protection caused her to rush to the fiduciary institution and implore the officer to save what was left of the estate. The company has not only saved the remainder of her inheritance, but through judicious investing has enhanced its value and has returned her a net annual income of \$3000.

Every man should make a Will and name a responsible trust institution as his Executor and Trustee Call or write for our free booklet 'Evidence."

Thirteen different universal languages have been created or submitted in the last \$5,000,000.

On this basis the Dole flight cost us about \$5,000,000.

We are all here-worshipers, but we love in the bright to the world have to unite on the English tongue to make a real success in getting together. Anyhow, it has the most money in it—and money talks.

Women it can dare and how much their daring can attain.

Women it can dare and how much their daring can attain.

Women it can dare and how much their daring can attain.

In political conventions, club can be seen of the name of these gained a place on the program. In political conventions, club can be seen and cerew is worth \$1,000,000.

30,000 caricads of fresh fruits will go east from California in the next three months. Grape shipments are expected to be greater than ever, and as much of this freight generally is moved in October the new low fellow men now sak that they give their ambition to making the skill and their ambition

s-that land planes have no busiess in transoceanic flights.

On the debit side are—it is gravely to be feared—ten lives, nine of which were of great value to aviation, six planes lost and three others badly damaged, a loss of at least \$500,000 in money and, most serious of all, the psychological setback which this most modern of transportation methods cannot but suffer by reason of such a series

There is scant value in post mortems on such tragedies save as they may point the way to avoid similar losses in the future. The flight management has been criticised for permitting the entry of unfit planes and flyers. As a matter of fact, most of such entries were self-eliminated. The four which finally got away were probably as good as land planes can be for such a job and their pilots and navigators above the average in skill. The weather conditions were excellent.

Ine outcome of the test appears to be incontrovertible evidence that, under the
most favorable conditions, the chance of a
land plane from the mainland reaching the
tiny speck of the Hawaiian Islands in the
vast expance of the Pacific is not better
than fifty-fifty. Under unfavorable conditions, such as storms, fogs, faulty instruments or the like, the chances of the aviator to survive would be very much less.
Aviation will find a way around all these

Aviation will find a way around all these difficulties and, in a few years, transoceanic passenger flights will be an every-day oc ourrence, with no more accidents than in ourrence, with no more accidents than in railway traffic—if as many. The vessels will be assagoing, storm-proof hydroplanes, hopping from artificial island to artificial island—landing places anchored in the sea for rest, repairs and refusiling. There will hardly be more chance for disaster than if the place were running on aerial tracks.

The chiral states are continued to the state of the continued to the chiral states and the continued to the chiral states and the continued to the chiral states and the chiral states and the chiral states are continued to the chiral states and the chiral states are continued to the chiral states and the chiral states are continued to the chiral states and the chiral states are continued to the chiral states and the chiral states are continued to the chiral states and the chiral states are continued to the chiral states and the chiral states are continued to the chiral states and the chiral states are continued to the chiral states and the chiral states are continued to the chiral states and the chiral states are continued to the chiral states and the chiral states are continued to the chiral states and the chiral states are continued to the chiral states and the chiral states are continued to the chiral states and the chiral states are continued to the chiral states are continued t

Home, Sweet Home

rates ordered by the commission.

Our disadvantage in marketing the enormous crops of fresh fruits grown in California is the distance from the great consuming centers. Not more than 5 per cent of our fresh fruit is consumed by our own people. The great bulk of it goes to places east of the Rocky Mountains, about one-fourth being sold in New York City. About 80,000 carloads of fresh fruits will go east from California in the next three months Grape shipments are expected to be greater than ever, and as much of this freight generally is moved in October the new low rates will not be applied too late to be of benefit to our vineyardists.

Had the rates asked for by our growers been granted fully \$8,000,000 would have been gran

which the islands are ideally fitted, and many other profitable enterprises. Considering the number and importance of the plants locating here intending to engage in the manufacture of automobile tires, the rubber outlook alone is of great importance to Los Angeles.

A GREAT MAN

A Pennsylvania is likely to have a Mellon of the great financier is said to be strongly opposed to any further efforts in his behalf. He does not crave the Presidency and he does balk at any campaigning for the office. If he should be nominated it would be without aid or effort on his part. He admits that he is 75 years old and that he would prefer a younser man. He is content to have served his country in the Treasury Department and the content to have mean everything. There is an an of great simplicity and good that our Legionnaires will understand that discretion is the better part of valor during this convention more than ever before, and realize that a soft word turn that way wrath. A few misguided smart cracks could create deep and abiding bitterness and wounds that the sounce for international amity so makes for international amity so make for international amity so make for international compliments.

They don't mean a thing and yet they mean everything. There isn't this transplants and importance of the world would be understoned to stay here, in our close of the help thous who are now most unfortunate.

Which have to stay here, in our floor to the help thous who are now most unfortunate.

Whish I might add a "Thank You also for the tourists who are doing the though a content to help us now by buying their bit to help us now by buying their bit to help us now by buying their bits to help us now towns. The Times &

Owens Valley Crisis

BISHOP (Cal.) Aug. 20.—[To the
Editor of The Times:] I want to
thank you most sincerely for the
editorial in yesterday's Times—
"The Crisis in Owens Valley." We
surely are facing a crisis and I
doubt even now if many here realine how serious. It is. Merchants
have had a hard time meeting
checks that were in transit and
that have been returned to them
with the request that they be made
good, and many find themselves
unable to meet other maturing obligations and are being obliged to
tighten their usual credit extensions.

In the curtailment that is taking

What is Needed BISHOP (Cal.) Ang. 20.—(To the Editor of The Times:) For myself, my family and a large number of my friends I want to say a very sincere and personal "Thank You" for your kind editorial of August 18.

YOU get Tillamook - just as it comes from the kitchens

TILLAMOOK comes to you just as it leaves the spotless cheese kitchens of America's "little Holland," the Tillamook valley. Food value of five quarts of milk in every pound. Nothing is taken from it, nothing mixed with it. Just good, wholesome full cream cheese made by the famous old Cheddar process, never improved upon!

Year after year, Tillamook cheese wins prizes. This is the same quality you get, for prize winning cheeses were taken from regular makes. Write for our 32-secipe booklet. FREE Tillamook County Creamery Association, Tillamook, Oregon. Twenty-three cheese kitchens owned and operated cooperatively by the dairymen of Tillamook County.

Will Carleton Represents Eastern Firm; "Man from Mars" First

Announcement was made yesterday that Metropolitan Stage Productions of New York, as represented locally by Will Carleton, has taken a one-year lease on the theater, taking possession October 3, next, for the purpose of staging therein a zeries of musical comedies.

The first production will be "The Man From Mars," by Carleton, with a cast of fifty-four persons. Work of casting and rehearsals will begin Monday, it is announced. Temporary offices of the new lessess have been established at the Gamut Chib. The Playhouse at present houses the Thomas Wilkes production, "In Love With Love," starring Edward Everett Horton, which Wilkes will follow next week with "Going Crock-ed."

Talent Listed on Hillstreet Bill Sunday

The strides made by vaudeville since its modest inception 100 years ago are brought to view by the celebration of the Orpheum Circuit's fortieth anniversary, which is being celebrated throughout Americathis season. In keeping with its endeavor to always present the best in vaudeville, the Hillstreet Theater will offer an array of talent for the opening of its fall season. Among others, Gretta Ardine and John Tyrell will offer The French Model," a gay dance revue. Solly Ward, eomic with a German dialect, will also be featured in a sketch.

Zddie Miller and Frank J. Coqbett are known as brothers in hamony and offer a selection of popular numbers. Harris and Holley are also featured and offer their quaint comedy novelty, "Push'em and Pull'em." Two other stellar attractions will also be presented on this bill. Ken Maynard will be featured on the screen in First National's production, "The Land Beyond the Law," a story based on a historical incident of the great American border in the early days of the West. Dorothy Dwan, Tom Santschi and Gibson Gowland are to be seen in prominent roles.

Egyptian Has Guest Night

satured players in "The Way of All

Haver and Keith, others who take part in the production will be present.

Following the current run of "The Way of All Flesh," Buster Keaton's new comedy, "College," will open at the Egyptian tomorrow for a run of one week. The picture is a story of a young undergraduate bookworn who decides to become his aima mater's outstanding athlete. Ann Cornwall plays the lead opposite Keaton, and the cast also includes Snitz Edwards, Grant Withers, Harold Goodwin and others.

On the stage at the Egyptian Lynn Cowan and his Jazz Jesters are seen tonight in Fanchon and Marco's "Slues" ides, which ends tonight, to be followed by the "Parisian" ides, opening tomorrow.

Modern Lorelei is Play's Star

A modern Lorelel is Mrs. Cheyney, whose surprising end is being depicted at the Morosco Theater. "The Last of Mrs. Cheyney" presents an enchanting beauty who captivates the hearts of London bachelors and refuses to marry any of them.

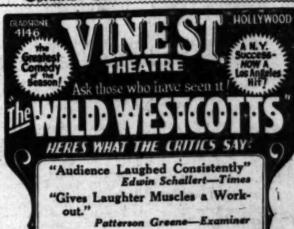

Although she is not a professional heartbreaker, shè so charms the titled society that she is sought constantly as a guest. Among a host of eligibles, she bewilderingly refuses to marry the prize catch of all.

This situation adds not a little to the mysterious happenings which make Lonedale's play such entertaining comedy.

Kay Hammond re-enacts the part of "Mrs. Cheyney" which was created and made famous by Ina Claire. John Little is the dashing Lord Dilling who finally wins her heart.

GRAND-DADDY AUTOS HIT 'ER UP Seven Decrepit Junk Heaps, All More Than Twenty Years
Old, Wheeze, Clatter and Rattle in Readiness for
500-Mile Dash to Sacramento Next Month

Seven cars were ready, or at least their owners had declared an intention of trying to get them ready when entries closed yesterday for the 800-mile ploneer automobile race from hers to flacramento which is one of the attactions of the State fair. September 3 to 10. Six of the entries are from flacramento and the seventh from Southern California. The race is restricted to cars more than twenty years old which are the product of a company still in existence. The questions to be determined are whether they can

the ears. Arrangements also have been made for twenty dashes of five miles each on route on which each car can test its speed. The prize money and trophies will be awarded on the basis of time for covering these dash stretches. There also will be a final dash of twenty miles into Sacramento.

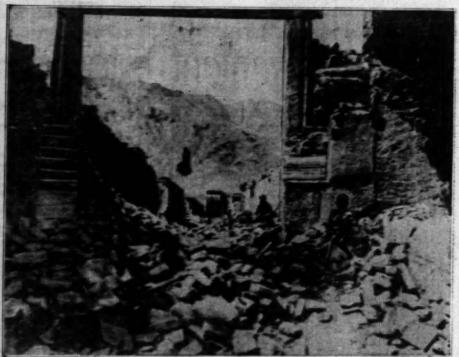

The cars entered and their owners are:

Oldsmobilie, 1901, one-cylinder;
F. M. Sorley, Sacramento.

COMMITS HARI KARI MANHATTAN BEACH, Aug. 24.—
The ancient method of harl kart was used by Mrs. Tame Matsuda, wife of a Japanese gardener living near Manhattan Beach this afternoon, taking her life in a fit of despondency over not being able to return to Japan with her two daughters, neighbors said. The woman had been despondent for some time, and after her husband had returned to the field after lunch called her two girls to her side and stabbed herself to death. The girls ran terror-stricken into the field to summon her father and a doctor, but the woman was beyond aid. The body is at the Cate funeral pariors awaiting@action by the Cor-

son, Eugenia Gilbert, cinema actress, yesterday brought her trophy to town after having obtained a permit from County Clerk Stomack of Ventura. This is the econd time in two years the actress has beaten other hunters of her sex, having accomplished the same feat last summer.

"Any woman," she explained, "who becomes panicky at the sight of a firearm need only be persuaded to practice a while and the resultant confidence will be amazirg."

A birthday party, celebrating their twenty-fifth year in business, was given last night by Wood Brothers, clothiers, at 315-19 West Sixth street. Fred Varin's Melody Makers provident music for dancing, and various theatrical ariends of the establishment did impromptu entertaining. Among those who dropped in during the evening were Fidel LaBarba and Gene Morgan.

NEWPORT BEACH, Aug. 34.—
Wallace Adams, 7 years of age, son of Mr. and Mrs. Hugh Adams, 7701
South Figueroa street, Los Angeles, was instantly killed yesterday evening when he ran in front of a machine driven by Mrs. Willard Barker of 118 Twenty-ninth street, Riverside. The accident was unavoidable, a Coroner's Jury, which convened soon after the accident, decided. According to a report filed with police officers. Mrs. Barker was driving a heavy sedam along Central averuge near the Newport Beach school. The boy, who had accompanied his parents to the school tennis courts, dashed across the street to watch a train. The machine struck the boy before any move could be made to slow the automobile, the report stated. Mr. and Mrs. Adams with the boy were vacationing here and stopping at 100 Bay Front.

Studio Watchman Failed to Recognit

A new version of two ancient fa- | keeping a way

A new version of two ancient fables was issued yesterday by a local motion-picture studio. And the story was sworn to as the gospel truth.

The story of the star who was not recognized by the gateman is one of the first stories ever invented by a studio press agent. And the story of little Tommy Tucker, who sang for his supper, antedates the motion-picture industry but is still credited to a press agent of one description or another. Yesterday the two stories were combined in a novel version in which a well-known motion-picture director rendered vocal selections to reacue his car from the clutches of a studio watchman.

Gregory La Cava, so the story goes, had been week-ending at Catalina Island. he let his beard grow and suffered his clothes to lose their customary elegance. He returned to the city late Tuesday and drove to the studio to get his mail. When he came out, he found a vigitant officer of the law, one Police Officer Kelly, longer
